Monsanto Company is a member of Excellence Through Stewardship® (ETS). Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Monsanto's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech trials accrease boundaries into nations where import is not permitted. Growners should lake to their gain handler or product purchaser to confirm their buying position for this product on a registration at laws a registration at laws. Excellence Through Stewardship® is a registration at laws. Excellence Through Stewardship® is a registration at laws. In the stewards of Biotechnology Industry Organization. B. It products may not you forwards to the registration at laws. In the registration status is registration at laws. In the products was not performance ment of the products do not require the planting of a structured refuge except in the Cotton-Growing Area where com earworm is a significant pest. Genuity® RIB Complete® com is a blended seed com product. See the IRM/Grower Guide for additional information. Always read and follow IRM requirements. Individual results may vary, and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible. ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready® crops contain genes that confer tolerance to glyphosate, the active inequal in Roundup® b
