| Available Phosphorus (P) | 165 g/L |
| Soluble Potassium (K) | 23 g/L |

Derived from ammonium polyphosphate and potassium phosphate.

ALSO CONTAINS NONPLANT FOOD INGREDIENTS:
3% Seaweed Extract (*Ascophyllum nodosum*)

General Information

READ LABEL BEFORE USE

BRANDT PLANT START is a concentrated liquid plant food formulated with seaweed extract to promote early growth and healthy root systems. This product is recommended for use as a supplement to a well balanced fertiliser programme and is not meant to be a substitute for good cultural practices.

Rate Recommendations

Field, Row and Vegetable Crops: Use 7 - 10 litres per hectare in planting or transplant water applied with seeder, plug mix or transplant machine.

Fruit, Tree and Vine Crops: Mix 500 - 750 mL in 100 litres of water. Use 3.5 litres of solution to each tree at time of planting. For larger trees and shrubs, use 3 litres of solution for each 2cm of trunk diameter.

Ornamentals: Mix 250 - 500 mL in 100 litres of water and apply as a drench for seedlings and transplants.

Foliar Application: Use 0.5 - 1.0 litre per 100 litres of water. Cover foliage thoroughly to point of runoff.

Mixing Instructions

Put 1/3 to 2/3 of total required water volume in tank. Add adjuvants, fertilisers, and pesticides if desired and agitate until thoroughly mixed. Add recommended amount of this product and agitate until thoroughly mixed. Fill tank with remainder of water.

Caution: Check chemical mixture compatibility using a jar test prior to application.

For low volume spraying, use a wetting agent such as Du-Wett® Super Spreader for best deposition and coverage. Follow adjuvant label for correct use rates.

Net Contents: 10 Litres

Packed: 2 x 10 Litres
Density: 1.4 kg/L
Batch Number:
DOM: xxxx-xx

CAUTION: KEEP OUT OF REACH OF CHILDREN

HEALTH WARNING: May be harmful if swallowed. Causes mild skin irritation. Avoid eye contact. Avoid breathing dust or spray mist. Do not eat, drink or smoke while using. When mixing or applying wear waterproof gloves, hat, safety goggles, overalls and footwear. Wash hands and face thoroughly after use.

FIRST AID: If swallowed do NOT induce vomiting. For advice, contact the National Poisons Centre 0800 POISON (0800 764766) or a doctor immediately. If spill on skin, remove contaminated clothing and wash affected areas of skin. DO NOT SCRUB THE SKIN. If concentrate is splashed in eyes, flush with running water for at least 15 minutes. Take to hospital without delay. If inhaled, remove to fresh air. Take to hospital without delay.

In an Emergency Call:

0800 POISON (0800 764 766)

NZ EMERGENCY SERVICES: 111

STORAGE: Store in original container, tightly closed and under lock and key. Do not store with Class 1, 2, 3, 4 or 5 substances or feed, seeds or foodstuffs.
DISPOSAL: Container disposal: Ensure container is empty. Burn, if circumstances, especially wind direction permit, otherwise bury in an approved landfill. Dispose of this product only by using according to this label. Always follow local authority requirements.
